REGISTRATION RETURNS LEAD

Registration in State Shows 9328 Ahead of Progressives

The Democrats Occupy Third Place in Compiled List

The voters of California are determined to work out their political salvation within the lines of three parties—the Republican and Democratic and the Progressive. The registration in this state is being watched with a great deal of interest. The Republicans are well in the lead in registration up to date. The reports from 26 out of 58 counties in this state, secured by THE TRIBUNE, which gives the registration up to January 20, is as follows: Republican, 22,000; Progressive, 13,000; Democratic, 13,000.

These 28 counties are scattered over the entire state and include returns from all of the big counties, figures being included from Alameda, San Francisco, Los Angeles, Sacramento and San Diego and from a sprinkling of counties in the mountain districts, as well as in the Sacramento and San Joaquin valleys. So well scattered are these counties and so representative are they of the general sentiment of the state that it is safe to say that the relative position of the three parties in registration will not be changed in the end.

But it is certain that the position of the Republican party will not be changed. These figures show that the Republican registration is practically double that of the Democrats and 23 per cent more than the Progressives.

MOST COMPLETE RETURNS. The matter of party registration was of such a great and general interest and the figures that were sent out from different county seats were so scattered and imperfect that THE TRIBUNE determined to secure the best and most complete returns possible.

As will be seen by the list of counties, the answers represent very fairly the sentiment of this state, being from the supposedly Progressive south, the Democratic Los Angeles valley, the mountain districts, the Sacramento and San Joaquin valleys, and Los Angeles, from mountain counties.

TRAIN BANDIT HAS SENSE OF HUMOR

Frightened Porter Made to Assist in Robbing Passengers

(By Associated Press) CHICAGO, Jan. 23.—With the assistance of two reluctant but badly scared porters, a lone bandit held up four passengers on the rear sleeper of the Michigan Central passenger train due here from Detroit at 7:30 o'clock this morning. It was a serious affair which netted the bandit something under \$300.

The robber entered the train at Jackson, Mich., and left it about fifteen minutes later when Louis Thomb, one of the porters, signaled for the emergency brakes. T. Meritts, porter of the car attacked, was the first to view the robber, who pointed a pistol at him and handed him a bag.

"Here," said the intruder, who was dressed in a black and white check suit and wore a cap pulled down over his eyes, "you go ahead and wake the passengers. Tell 'em there's a robber wants their money. No money business, I've got three or four pairs with me."

Meritts took the bag and shook the occupant of the first berth he came to. "Excuse me, sir," said the porter, "but there is a man here who says give him your money; quit your kidding and let me sleep," came the angry reply from the berth.

WINS \$75,000 ESTATE BY A FEW SECONDS

(By Associated Press) SACRAMENTO, Jan. 23.—Three-year old Alice Tuttle was awarded a \$75,000 estate by Superior Judge Shields yesterday upon the testimony of two police officers that her mother lived several seconds longer than her father, William M. Tuttle, when the latter shot and killed his wife December 30, 1911, and then committed suicide. The tragedy was enacted while the child, then an infant, was playing on the floor.

SHOT ENDS "LIZZIE'S" CAREER

Runaway Bear Swims Estuary and Defies Capture

After wandering for two days and nights through Alameda and Oakland, and swimming the Oakland estuary, a big brown California bear, who escaped from her cage in Alameda Wednesday, came to a tragic end this morning by being killed in an alleyway off Franklin street by a shot from the rifle of R. W. Guthrie, who lives on the premises. The bear was shot after Captain Beck and a posse of police had tried for two hours with ropes to capture her. It was feared that milkmen making their rounds might be attacked by the bear, who had become enraged from being worried by the bear-hunting squad when driven to bay.

Fred E. Mellman, 1750 Franklin street, was frightened this morning about 2:30 o'clock when he returned home by finding "Lizzie" sitting peacefully on his front door step. Mellman at first thought he was dreaming, but when "Lizzie" let a swipe at him he ran for the nearest policeman, Captain Beck, with Patrolman Phillips and Jones, rushed to the scene. Ropes were obtained and, under Beck's direction, an attempt was made to lasso the bear.

FINDS A REFUGE. "Lizzie" had taken refuge in a covered alleyway under an apartment house at 1743 Franklin street, the alleyway leading to the rear entrance of the flats and apartments and being used by tradesmen for the delivery of their goods. The alleyway was narrow, and low, and dark, and it was with great difficulty that the policeman worked with their ropes attempting to capture the bear alive.

Several times they succeeded in (Continued on Page 2, Col. 3)

Net Assets of County Are Now \$2,335,614

Alameda county has a total net assets of \$2,335,614, according to the monthly financial report of County Auditor E. F. Garrison. The liabilities outstanding in warrants, vouchers and on the payroll amount to \$222,022.71, with estimated revenue to accrue of \$183,022.71, there are total assets available of \$2,222,335.34.

BABY GIRL VICTIM OF FIEND

Seven-Year-Old Aurora Gagno Fights Way to Freedom

Brute Escapes After a Desperate Effort to Injure Child

In a desperate encounter with a strange man who had led her into a vacant house at Eighteenth and Adeline streets, Aurora, the 7-year-old daughter of N. Gagno, 1364 Fifteenth street, worsted the man after scratching his face, pulling his hair and kicking him in the legs and body. According to the police the girl fought like a wildcat and it was only her desperate bravery that saved her from a brutal attack.

FIGHTS WITH BRUTE. Aurora screamed with fright, but the man placed his hand over her mouth and attempted to choke her. The child struck out with hands and feet and at the same time bit viciously into the finger of her antagonist, drawing blood.

The man snatched his hand away and again tried to keep her under his arm, but she fought him off. The girl scratched his face and got her fingers twisted in his hair, screaming loudly for help all the time, and kicking frantically with her feet. After a short struggle the brute decided that he was getting the worst of it, and that her cries might bring assistance, and throwing the child to the floor he dashed out of the place and ran away.

POSSES ON TRAIL. The little girl ran to the home of her parents and told her father of the affair. The police were notified and posses of officers searched the district, but failed to capture the man.

License Collection Saves City \$18,210

Saving of \$18,210.71 has been effected through the change in license collection in the method of collecting licenses due the city. Under the old method this work was done by three license inspectors. Their positions were abolished and this work was placed under the direction of Sergeant James Walters of the police department. Walters systematized the collection bureau, and brought all licenses up to date, and enforced the license laws more equably. The saving resulted.

APPEAL FOR UNITY IS MADE

Commercial Secretaries Take Initial Step Toward Alliance

To Work for Welfare of California as a Whole Is Proposed

Thirty secretaries of Chambers of Commerce and similar organizations from all parts of the state, representing north, south and the valleys, gathered at the Hotel Oakland today to take the first step in the formation of a great commercial executives' association to cement as one the exploiters of California's resources. The session, headed by Robert Newton Lynch of San Francisco, and called by the executive committee of the State Development Board, began with a stirring call for unity in the work of developing the state as a whole; bringing more business to the west and abolishing boundaries raised by local rivalry.

TELUS OF OBJECTS. Lynch opened the session, making a brief address outlining the object of the session.

"I think the first question to consider," he said, "is, 'Shall we organize?' That is the issue before us. Deciding that we can consider the method to be adopted."

S. Glen Andrus of Sacramento declared that the secretaries should organize.

"Most of the commerce secretaries are working on their own," said Andrus. "We have to have a way of doing things that we know all about the work, when as a matter of fact we have much to learn. The Chambers of Commerce in this state who are accomplishing things can be counted on two hands."

"People are recognizing that Chamber of Commerce work is a profession. Colleges are giving post-graduate courses in the work. It is being put on a par with that of the minister of the gospel."

"We must have the right men in the right places. These secretaries should be students. We should know methods; that's why we should study each other's work. We should meet and know each other and exchange ideas."

"Is it any wonder that we have not won the confidence of the public, that we don't get results and that chambers have to reorganize every few years? I say no. People are beginning to recognize the true province of the chamber of commerce. People are realizing the men they need. We have to do things worth doing. We must know how and we must know what others are doing. Just as sure as you're sitting in these chairs, any man or woman who depends on a commerce secretary to live has a slim chance. I don't care whether I hold my job or not, so long as I do things. I wouldn't have lasted six months if I had tried to please every one."

GAIN AND LOSS. "If a chamber looks closely after the welfare of its city, without corporate interests getting in, it gains public confidence and loses financial support. You know that; and the rule works the other way."

"The secretary who has the nerve to convince the people that it's better to have an honest chamber than a 'plant' chamber is doing a big thing. We can't do this alone, but together we can. If we can discuss these problems openly it will be an inspiration and help. We can blaze a trail that leads to usefulness. If we could get together every three or four times a year, with the assurance that we would have each other's support it would be a great thing."

"Many of us have ideas, but won't tell of them. We don't give others the benefit of our ideas. That's another reason for organization."

ATTACK ON CROWN PRINCE ATTEMPTED

Frederick William in Danger While Leaving Auto

BERLIN, Jan. 23.—An unsuccessful attempt to attack Crown Prince Frederick William of Germany was made this afternoon as he was alighting from his automobile at his palace. A man ran into the carriage and reached the door of the motor car. The entry on duty in front of the palace dashed forward and seized the would-be assailant of the prince and overpowered him. The man appeared to be suffering from mental derangement.

When taken to the police station the Crown Prince's assailant gave his name as Leopold Salomon and his father as H. S. Maddox of Los Angeles.

JOHN L. HOWARD DIES OF STROKE

President of Fuel Company Succumbs Before Case Ends

Shortly before the receipt from Washington, D. C., of an order which would have caused the dismissal of the federal indictment against him, John L. Howard, president of the Western Fuel Company, of which he was on trial in the United States District Court, passed away at his home, 57 Vernon street late yesterday afternoon.

His death occurred almost twenty-four hours after he suffered a stroke of apoplexy at his home, said by his friends to be the result of nervous strain caused by the trial.

Hillside Along Santa Rita Avenue Slides Streetward

Four Houses Insecure and Inmates Move Out

BREAKING barriers placed to prevent the soil from further sliding, the hillside along Santa Rita avenue slid two feet further towards the street last night, threatening scores of persons sleeping in their homes in the vicinity and shifting the foundations of nearly all buildings adjacent. Every moment of the downpour adds to the danger of residents in the vicinity. Last night a section of Santa Rita avenue on the eastern side slid into the street. It is feared that unless the rains cease soon all homes between Leise avenue and Harrington avenue will be damaged.

Because of the fact that the hill is for the most part "made land," being constructed of adobe clay, nothing can be done to prevent its sliding, the barriers placed to prevent its moving being swept away because of their lack of foundation. Three years ago a slide similar to that of last night occurred on Ransom street, the street backing into Santa Rita avenue. A bulkhead had been placed to prevent further sliding, but it is not believed that it will prove equal to holding back the soil. With the collapse of this bulkhead the residences on the west side of Leise avenue, between Santa Rita avenue and San Jose avenue, will be in danger.

Four homes—2178, 2181, 2185 and 2187 Santa Rita avenue—have been made insecure and their inmates have been forced to move out. The four structures are suspended over residences located on Harrington avenue, and with their collapse they would probably crash onto those homes. An effort was made yesterday to place a bulkhead in the back of the Santa

DISFAVORS 'SOCIAL GAMES' ON CAMPUS

Miss Deborah Dyer Criticizes Use of Orchids and Other Luxuries

UNIVERSITY OF CALIFORNIA, Jan. 23.—Miss Deborah Dyer, one of the most prominent seniors in the university and women's editor of the Daily Californian, the student paper, caused this morning in a caustic criticism of those who "play the social game in the university."

She declares these students who are spending other people's money in their college years are called upon to spend it sensibly, and not hurl it away on social amusements.

Miss Dyer's rebuke is called forth by the fact that orchids appeared in greater number than ever at the last college dance, despite the effort that had been made to curb unnecessary expenditure at these affairs. Miss Dyer contributes the following editorial in part on the subject to this morning's issue of the Californian:

"A serious, definite consideration of the social game is being given by each member of the student body. We all recognize that we are not playing the social game in college. Here, of all places, we stand upon our own feet—we make our own position in the community. We desire from our college affairs, interest, amusement and association, which shall bring forth from each one the best that is in him. Few of us are spending our own money in college. If we are not doing so, we owe it to the people whose money we use, to spend every cent in a way that shall make both us and our college proud."

DEBATE ON REPUBLICAN ORGANIZATION

A movement is on foot to start a Republican organization in Alameda county which will have for its object the bringing together of the members of the party and the presentation of a Republican ticket to the voters of the county at the coming election. While the present election law makes the election of an county officers non-partisan and no party designation can go on the ballot for any county office, the plan of the proposed Republican organization is to hold some kind of a representative gathering from all parts of the county, creating a county central committee, discuss the affairs of the party and either endorse or make preparations for the endorsement of a complete county ticket.

If this is done account will be taken of the registration of all, and no one who is registered as other than a Republican will be considered eligible to sit in this meeting or to be endorsed for election.

It is possible that some similar plan will be adopted to that used by the Progressives when they organized their party at the Hotel Oakland. Once started, the organization will then be kept up along similar lines as of old.

ITALIAN FEUD CLAIMS LIVES OF TWO VICTIMS

(By Associated Press)
CHICAGO, Jan. 22.—A feud in the Italian quarter claimed two more lives last night. While the police were searching for the assassin of Joseph Portuogese, who was shot down at Fulton avenue, two reports, hurrying to the corner they found R. Desponsa, a banker, dying at almost the same place where Portuogese was slain.

Later the police found two saved off double-barreled shotguns in doorways nearby.

lashing "Lizzie," but her fur was wet and this made the rope slippery. The dogged her two or three times to the entrance of the alleyway, but in her struggles she managed to escape and ran back again into her den.

About 4 o'clock this morning, Captain Beck, who has a lame shoulder from a recent fall, gave up his attempt to capture the bear. Guthrie then brought his rifle into play. The bear was brought in the patrol wagon to the Central police station and laid out in Capt. Beck's office. There she proved to be the subject of great interest and some excitement, as bear hunting in the city of Oakland has been a rare occurrence.

DISMISSAL SOUGHT.

Howard's critical condition became known to Special Prosecutors Theodore Roche and Matt L. Sullivan of the United States Department of Justice, shortly before noon yesterday, and they wired at once to Washington for permission to enter a "nolle prosequi" to nullify the pending trial of Attorney General.

Howard made a request for the action.

Special Agent W. H. T. Hunt wired to Washington for the desired dismissal which was received in San Francisco a few minutes after Howard passed away in his Oakland home.

Attorney General

of the charge against the company head was contained in the following telegram:

WASHINGTON, Jan. 22.—Sullivan & Roche 755 Market street, Humboldt Bank building, San Francisco, Cal. Your telegram of today asking for a nolle prosequi in the case of John L. Howard, deceased, is received. You may feel at liberty to take such action as you may think it best to take.

J. C. McREYNOLDS, Attorney General.

Howard was in a paralyzed condition and unconscious from the moment he was stricken at 1 o'clock Wednesday evening until his death yesterday.

He was one of the defendants in the case against the Western Fuel Company officials, charged with conspiracy to defraud the government by short-weighting, but he had never been accused by any of the witnesses in the United States District Court.

The dead capitalist was last November chosen president of the Best Sugar Manufacturers of America at a meeting in Chicago.

Besides being president of the Western Fuel Company, he was president of the Alameda Sugar Company, president of the Alameda Farms Company, director of the Union Sugar Company, president of the Atlantic Securities Company, director of the Central Bank of Oakland, president of the Holmes Lumber Company, president of the Howard Company and president of the Union Commercial Company.

He was a native of Philadelphia, aged 62 years. Besides his wife (deceased) Helen Cook, the deceased president of the coal company leaves six children: John L. Howard Jr., whose wife was Miss Edith Norcross, sister of Louis L. Norcross, the secretary of the fuel concern; Henry S. Howard, Charles P. Howard and Mrs. Duncan McDuffie (deceased); Jean Howard, children by his first wife, and Sidney and Bruce Howard, children by his second wife.

DIED OF BROKEN HEART.

SAN FRANCISCO, Jan. 22.—John L. Howard, who for many years has been a dominant figure in business in the bay cities, died of a broken heart. True, it was apoplexy, the physicians say, which brought a sudden end to his career, but his friends who rallied around him in the last days of his life, prior to his passing, affirm that he was killed by the Western Fuel Company prosecution.

Never in the best of health, the indictment rendered by the Federal Grand Jury was a blow from which he found it difficult to recover. His health began to weaken and his spirit to fade. Last May he went to a sanatorium primarily for his nerves. The heart trouble began to manifest itself and his physicians told him that at any time the end might come suddenly and without warning.

With fortitude he declared that he was not afraid to die, but he did not want to die with a stain on his reputation.

Charge Against Howard Dismissed in U. S. Court

SAN FRANCISCO, Jan. 22.—Following the death yesterday of John L. Howard, president of the Western Fuel Company, the attorneys for the coal officials indicted for an alleged conspiracy to defraud the weights appeared in the Federal Court today prepared to argue for a dismissal of their cases. The quashing of the indictments was asked on the ground that the prosecution had made no case against the defendants.

Judge Harding, on being officially informed of the death of President Howard, forthwith dismissed the charge against him.

Following the dismissal of the indictment against Howard, which was done at the request of Special Prosecutors Sullivan and Attorney E. J. McQuadeon made a motion for the dismissal of the charges against the seven remaining defendants, in which he declared that the government had absolutely failed to make out a case.

It may be that the company, out of extraordinary zeal, had done something irregular, he argued, "but there is nothing to show that there was any criminal intent on their part or that the officials of the company knew of any wrongdoing. The evidence here is entirely unconvincing and there is no showing inconsistent with the innocence of these defendants."

ASKS ACQUITTAL.

Counsel urged that the jury be instructed to acquit all of the defendants. He mentioned Edward J. Smith, one of the witnesses, who is under indictment.

"One of the most cruel things in this case," he said, "was the including of this man in this indictment. It was done, to my mind, solely because in his early life misfortune overtook him. He was a target for the vengeance of the law. He is innocent of any wrongdoing. The evidence here is entirely unconvincing and there is no showing inconsistent with the innocence of these defendants."

Attorney Peter Dunne and Warren C. Jones Jr. also argued in behalf of the defense. The dismissal of the charges against Robert Bruce and Sydney V. Smith, directors, and J. L. Schmidt, treasurer, was especially urged.

Both Roche and Jones argued the government's case. The jury was not present and the hearing consumed the entire day.

ize to achieve true progress," he declared. "The San Francisco session was most profitable. We need suggestions, inspirations and suggestions."

G. Glenn Andrews suggested that the proposed name "Association of Commercial Executives," be dropped as ambiguous. "People would not understand it," he said. "Get in the name 'chamber of commerce.'"

Joseph E. Caine, of Oakland, spoke in defense of the name as expressive. "We are executives," he said. "We have greater troubles than names. All secretaries, especially younger ones, are disturbed by continual criticism. Criticism shows people are doing something. The more your organization is criticized the more you may be sure you've done something. The only way to be free from criticism is to be

not the name, but what we are and do that counts."

"Much wisdom has come forth here. Keep out of politics. Do what's right. Act."

"I don't want this called 'Chamber of Commerce,'" said Wilbur Walker, "for I am the secretary of the Oakland Merchants' Exchange, and wouldn't fit in your organization. However, the name is of no real moment. I am sure you will do what is right."

The meeting of a name was referred to a committee.

A nomination committee, to place names of candidates before tomorrow's session for election, was named by Chairman Caine. This is as follows: William Stowe Devol, San Luis Obispo, chairman; C. H. Edwards, Merced; A. R. Swain, Sebastopol; William Tompkins, San Diego; G. H. Brown, Sacramento; and C. H. McIsaac, Santa Clara.

The permanent organization was named as follows: A. A. Denison, chairman; S. Glenn Andrews, Sacramento; Ben Blow, Napa; J. H. Heath, Escondido; Joseph T. Brooks, San Jose, and William Robertson, Fresno.

The secretaries were invited to attend the coast chamber of commerce gathering in San Francisco tomorrow.

The final speech of the afternoon was by Warren Manley representing the United States Chamber of Commerce.

"I cannot emphasize the importance of a great national development board too forcibly," he declared. "It may interest you to know that thousands of bills pass through Congress. How can we keep track of them? The citizens do not. The United States Chamber of Commerce watches them. On the energy bill, for instance, it did great work. The proposed amendments were submitted to the chamber in referendum. We then told Congress what we wanted—and got it. That shows the need of the chamber in business. The American Federation of Labor watches labor. We watch business and safeguard it."

"We have representation in every state government, in Hawaii, Porto Rico, and Alaska. Eighteen chambers in California now belong to our body. We hope this list will swell rapidly. California ranks sixth in our membership lists today. New York leads. United we stand; divided we fall! Remember that. Read our bulletins. We are doing a great work, assembling ideas, compiling data—getting a company of ideas for the Chambers of Commerce of the country."

A resolution was passed pledging cooperation to the organization.

The delegates to the session arrived on early morning trains, most of them registering at the Hotel Oakland.

Secretaries Caine of the Commercial Club, Denison of the Chamber of Commerce, and President A. Jones of the Chamber of Commerce, were on hand to welcome the visitors and see that they were furnished with accommodations.

An informal reception was held at the Commercial Club before the meeting proper was opened.

Several women secretaries were among the delegates. Miss Elizabeth Kilham, of Alameda Chamber of Commerce, assisted in receiving these.

Arrangements for the visit of the delegates to San Francisco tomorrow, when they will be guests of the exposition, are completed.

Later trains brought in the full representation of sixty-one, who will finish the final business tomorrow. These are as follows:

G. M. Aven, Santa Maria; S. Glenn Andrews, Sacramento; F. L. Bish, Long Beach; T. F. Burke, Kern county; Joseph P. Brooks, San Jose; E. H. Brown, Santa Rosa; Joseph E. Caine, Oakland; Rev. James Curry, Newark; E. E. Douglass, Manteca; Wells Drury, Berkeley; A. A. Denison, Oakland; L. E. Edwards, San Mateo; E. H. Fisher, Palmdale; J. A. Hilly, Sacramento; W. J. Gannon, or George H. Frank Wiggins, secretary of the Los Angeles chamber, unable to attend, sent a letter of regret.

A short session this afternoon was addressed by Professor C. H. Hatfield, of the University of California, on a college course for secretaries. O. E. Hottle of the Oakland Commercial Club, and several others.

BANQUET PLANS.

While the secretaries met in the Hotel Blue Room the "Pop and Ginger" committee, arranging for the big banquet tonight, when Oakland will welcome the delegates to this city, was in session in the club rooms. Great piles of addresses were received for the affair, and many members of the club may be forced to forego the feast, the number of guests being limited to 200. The hotel managers declare that the grill room will hold no more.

An elaborate program of stunts and addresses has been prepared for the affair.

NOTABLE SPEAKERS.

Prominent men who address the visitors will be: C. Capwell, who will act as toastmaster; Joseph E. Caine, who with Secretary A. A. Denison of the chamber of commerce is handling the affair, will welcome the visitors in the name of Oakland, and Robert Newton Lath, chairman of the secretaries of the San Diego chamber and E. H. Brown of the Sacramento Development Board, will next speak, telling of their regions and experiences.

Leavitt will speak in a closing address on Oakland. Between speeches the "stunts" will be featured.

Ben T. Dalton, the comedian, the Nite Club quartet, and several other acts are scheduled.

Fred E. Reed, chairman of the "Pop and Ginger" committee, was in active charge of the final details today, while L. Richardson head of the institutions committee, issued tickets at the Southern Pacific offices at Thirteenth and Broadway.

The music committee has secured the services of a special orchestra for the occasion, and surprises are promised. Delightful favors have been arranged for the women guests.

WILL START EARLY.

The banquet will start at 7 o'clock sharp, according to the announcement of the committee. An auto ride about Oakland will precede the affair, the guests to be shown the city's attractions.

The affair tonight will rival the big banquet given last year.

Fortland boosters' body was entertained last year. All details even to the decorations in blue and white for the grill room, were completed by the committee this afternoon.

BUNCO HARE FANCIERS AT WORK IN MELROSE

Men pretending to be Belgian hare fanciers obtained information from owners of the hares in Melrose as to the pedigreed stock carried and then looted the hares.

Among those who suffered loss were F. J. T. and J. H. Ninety-fourth street, who had a number of Belgians.

RODERICK FELL WHEN POWER SHOT

"Too Bad, Too Bad, Tom" Said
Saloon Proprietor After
Regaining Feet.

When Attorney Thomas Power suddenly entered the Roderick saloon at Irvington on the night of October 31 last and commenced firing at Charles Quinton, there was such a confusion among the men in the bar room that when Proprietor Ed Roderick fell out of his chair and rolled over on the floor his friends ran to his assistance thinking that he had been the victim of the bullets. This was the testimony of Jack Oliver, the chauffeur who drove Quinton from Niles to his death at Irvington.

Oliver, assisted by several others helped Roderick to his feet. The proprietor then confronted Power and said, "Too bad, too bad, that man has been threatening to get me and I'll get him first," was the reply that Power made to Roderick. Power then said that he would give himself up. Oliver stated that he agreed to drive Deputy Sheriff Roderick and Power to Oakland. On the way they stopped at the home of Attorney Peter J. Crosby in Irvington.

After the purpose of raising funds to send the Elks' drill team to Denver next July to compete at the Grand Lodge for first honors with many other drill teams, a benefit dance will be held in Maple Hall next Tuesday evening. Arrangements for the affair have been completed and an elaborate evening's entertainment is assured. W. A. Noffsinger is captain of the drill team. The team has already commenced regular drill periods and is rapidly rounding into first class condition.

Two first prizes in competitive drills. Last year at Portland they were beaten out by the Denver team. The members of the local organization expect to retrieve their honors at the Grand Lodge this year. When the dedication leaves for Denver it will carry along a special exhibition from the Chamber of Commerce to advertise Oakland.

The witness also related the circumstances which occurred on a train between Oakland and Niles on the late afternoon of October 31 when Quinton was a passenger with him. He said that he asked the conductor to have Quinton go into another seat on account of his abusive language against Power and his boisterous discussion of his grievances against the attorney in whose home he had been a boarder and whose wife he was alleged to have run away with.

Van Dervoort said that Quinton told him that he was going to Irvington to "have it out with Power."

Deputy Sheriff Sam Vandervoort was called by the prosecution. He was asked whether or not he had not in conversations with Power prior to the shooting understood Power to have made threats against the life of Quinton.

He had not, he explained that once or twice Power had said to him, "I ought to kill that man for what he has done to me."

ENGLISHMAN SHOT DEAD BY ENEMY

B. F. Parker Killed in Mysterious Manner on Streets of Los Angeles.

LOS ANGELES, Jan. 23.—B. F. Parker, an Englishman, who recently came here from Toronto, Canada, was shot through the heart and instantly killed by an unidentified assassin while walking along Los Angeles street in the heart of the city's wholesale district, late last night.

Bystanders, attracted by the single shot fired, saw a heavily bearded man running away from the scene of the crime. No clue to his identity has been discovered and he is being held by the police to discover a motive for the murder.

From letters and papers found in the dead man's clothes, his home was at 167 Albert Road, London, and he left there to come to America a little over a year ago. Robbery was not the motive of the crime, as the man's watch and money were not taken.

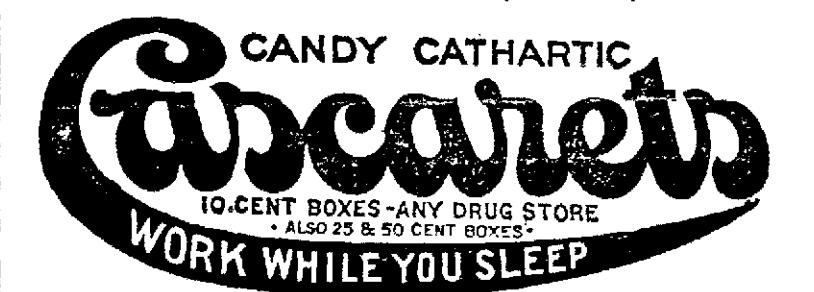

WANT RADIUM SYSTEM IN NEW HOSPITAL

SAN FRANCISCO, Jan. 23.—With a hope of securing for some philanthropic source \$100,000 for the installation of a radium treatment system in the local Polyclinic, physicians of this city are making a campaign to secure this sum. The Polyclinic, which will open tomorrow in its new quarters at 1535 Jackson street, is fitted out with practically every treatment

radium apparatus. It is argued that in addition to being of great importance to patients, the radium can be used to advantage in experimental work.

HEADACHY, BILIOUS, CONSTIPATED, CLEAN YOUR LIVER--DIME A BOX

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes hurt, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel uneasy, mean and ill-tempered. Your system is full of bile and constipated waste not properly passed off, and what you need is a cleaning up "inside." Don't continue being a bilious, constipated nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that your sour, disordered stomach, lax liver, and clogged bowels can be quickly cleaned and regulated by morning with gentle, thorough Cascarets: a 10-cent box will keep your head clear and make you feel cheerful and bully for months. Get Cascarets now—wake up refreshed—feel like doing a good day's work—make yourself pleasant and useful. Clean up! Cheer up!

Old People Need A Bowel Stimulant

The Ideal One Is a Mild Laxative - Tonic That Will Keep the Bowels Gently Active.

MRS. MARY A. P. DAVIDSON

Healthy old age is so absolutely dependent upon the condition of the bowels that great care should be taken to see that they act regularly. The fact is that as age advances the stomach muscles become weak and inactive and the liver does not store up the juices that are necessary to prompt digestion.

Some help can be obtained by eating easily digested foods and by plenty of exercise, but this latter is irksome to most elderly people. One thing is certain, that a state of constipation should always be avoided, as it is dangerous to life and health. The best plan is to take a mild laxative as often as is deemed necessary. But with equal certainty it is suggested that cathartics, purgatives, physics, salts and pills be avoided, as they do but temporary good and are so harsh as to be a shock to a delicate system.

A much better plan and one that

is to take a gentle laxative- tonic like Dr. Caldwell's Syrup Pepsin, which acts as nearly like nature as is possible. In fact the tendency of this remedy is to strengthen the stomach and bowel muscles and so train them to act naturally again, when medicines of all kinds can usually be dispensed with. This is the opinion of many people of different ages, among them Mrs. Mary A. P. Davidson, of University Mound Home, San Francisco.

PRECINCT WORKERS TO MAKE REPORTS TONIGHT

House-to-Home Campaign Results to Be Submitted at Welfare Meeting

Report of the precinct captains working in the Public Welfare League "Oakland and Oakland" campaign, to be submitted tonight as the first account of the house-to-home workers in the campaign, will be this week's important event in the life of the city. The report will be made at the meeting of the precinct workers, to be held at the Oakland Y. M. C. A. building, 1414 Broadway, at 8 o'clock tonight. The report will be made by the precinct captains, who will be assisted by the house-to-home workers. Important issues had been decided by a handful of votes, one of which was the election of Grover Cleveland in 1884 through the loss of New York state to Blaine by 800 votes. The speaker at a banquet, a Congressman of New York, had said that the result of the election was due to the fact that the voters of New York state had voted for Cleveland. The speaker at a banquet, a Congressman of New York, had said that the result of the election was due to the fact that the voters of New York state had voted for Cleveland.

Recent local history affords numerous examples—the loss of Alameda police bonds by three votes; annexation of Piedmont lost two years ago because two men waited on the corner for a rig until too late to cast a vote; a license issued in Extra Mills, Cal., lost by four votes, ballots which were rejected because marked by pencil instead of stamp; license fight in London lost by one vote because three women refused to register, who, if they had registered, would have voted in favor of the license; Lakeport voted dry by two votes; a sheriff of Alameda county elected by a

single vote. The speaker explained that the result of the election was due to the fact that the voters of New York state had voted for Cleveland. SENSE TO GOVERN. "Our government, he went on to say, is based on the principle that the common people have the sense to govern themselves, and will govern themselves. Somehow the majority will stand for the right. But it is a matter in which only the violence of the best citizens will serve to bring about the right result.

"Loyal votes are just as necessary for this country in time of peace as in time of war. There are few of us who would not cheerfully die for our country, and yet how many of us stay away from polls and let the domestic enemy outside win. The speaker quoted instances to which

HOODOO '23' HITS FLIPPANT FLIPPER

Ominous Flop-House Visions Flaps Fluttering Wings at Vanishing Eagle.

"Shidoo for me on January 23" early today said Ed Pallinger, who presides over the destinies of local express company's horse and wagon. "Talk about hard luck, this day was the first of my 23 goes and I'm going to get another 23."

Pallinger's tale of woe reduced to tears was this: He had been out of work for several weeks and had got a job driving a delivery wagon. He had earned the sum of \$12.20 and was paid with a ten dollar gold piece and \$2.20 in silver. This money he displayed with wealth in glee, the ten dollar piece particularly.

Now comes the rub-act in the drama. While at the Santa Fe wharf Pallinger tossed his gold into the air, catching it with an expression of glee on his face and joyful, nervous clutch of his hand. "That's the dope," he said. "That's the stuff that makes things go wrong. That's the (toss) mazzuma for me. (Another toss.) It keeps a guy from living in flop-houses and chasing the elusive bean and toss."

At this point the ten spot slipped, fell from his hand and landed hesitatingly on the sidewalk. Pallinger, who had been looking at the gold piece, selected a nice narrow crack in the duck and dropped into the water below.

Pallinger was broken-hearted but the "toss" was taken care of. He had a job when John Gale, of 1815 Chestnut avenue, Alameda, contractor, who had got Pallinger's job said:

"Ed, you dinged, dinged chump you ought to stand on your head and see what side your pocket is lined upon. But here's another ten for you. Take it to a savings bank and fasten it down with a crow bar."

Edward Pallinger now says that "23" is not such a hoodoo number after all.

Petersen Plans Welcome For Agitator Teesdale

SAN FRANCISCO, Jan. 23.—Edward Teesdale, agitator in the unemployed ranks, who recently stated publicly that the job seekers would march whether or not the police were willing, is going to come to the bay. He was found guilty by Judge Deasy yesterday of circulating hand bills in violation of the law. Today he was given 48 hours to get out of town.

"I'll claim him into jail if he shows up here," said Chief of Police Walter J. Petersen today when informed that Edward Teesdale had said he would come to Oakland. "I don't think he will come," Chief Petersen explained, "but he had received pamphlets and other literature from Teesdale, and that he considered these sufficient grounds on which to base a prosecution. He declared that Teesdale would be forced to defend himself in the courts of this city if he came here. We will file charges against him similar to those placed against the man in San Francisco, if he comes," said Petersen.

POLICE BREAK UP CAMP FOR HOBO SEXTETTE

That tramps and hoboes may continue to avoid Oakland, Captain Thorwald Brown, Corporal Conroy and a posse of police broke up a camp at Sixty-third avenue and the Western Pacific railroad last night shortly after the camp was established. Six men were arrested on vagrancy charges. Before they are released the police will investigate to see whether they have previous records or not. The arrested men gave their names as Edward Peterson, John Singleton, John Bodmer, William Bertram, John W. Brott and Frank J. Rankin.

SCOTS TO HONOR BURNS' BIRTHDAY

Anniversary of Famous Poet to Be Celebrated by United Local Societies.

The one hundred and fifty-fifth anniversary of the birth of Robert Burns will be fittingly celebrated tonight in Ebbell Clubhouse, when St. Andrew's Society and Clan Macdonald will unite in providing entertainment. The entire evening will consist of Scotch music, songs, dances, recitations, with the bagpipe will alternate with the orchestra in the ballroom.

A concert program will open the evening, the chief attraction of which will be an address by Rev. Dr. Beaton of Janesville, Wisconsin. Following this program the evening will be given over to dancing, the floor directors being William Spalding and James Anderson.

A reception committee is composed of Dr. A. K. Crawford, William Weir, Robert Howden, A. W. Anderson, George McMath, James P. Taylor and Alexander Ballingall.

The program is as follows:

NEWBERT WANTS WEBB TO SETTLE SALARY ROW

SAN FRANCISCO, Jan. 23.—Because the state board of control blocked the move of the fish and game commission to raise the salaries of its employees \$10, \$15 and \$25 a month, President Frank M. Newbert of the game commission has placed the matter before Attorney General Webb, asking that he be allowed to let the raises stand. The board of control argues that the employees of the game commission are better paid than those of other departments of the state, and, anyway, the funds should be used to stock rivers and streams with fish and not raise salaries.

The \$200,000 a year which will be added to the game commission's fund through the decision of the 1912 Legislature making it necessary for amateur resident fishermen to pay an annual license of \$1 and non-residents \$3, is declared by the commission to have been raised for preservation of fish and game and not for the boosting of salaries. On August 30 the raises were voted by Newbert and Commissioner Carl Westerfield, to become effective September 10. September 10 Secretary Ernest Schaefle notified the board of control of the commission's action, following which the former body took steps to prevent the raises.

Twenty-nine members of the game commission are affected by the action.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT DANDERINE

Save Your Hair: Make It Soft, Fluffy, Lustrous and Beautiful.

Try as you will, after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately

double the beauty of your hair. No difference how dry, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing. Your hair will be light, fluffy and wavy, and have an appearance of abundance; an uncommon softness, stiffness and volume, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as crin— that it has been neglected or injured by careless treatment, that's all.

THE GOLDEN RULE IN BUSINESS

ENTRANCE ON
12th STREET

We believe in it. We preach it--to ourselves and our employees very much oftener than we ever mention it to outsiders. The Golden Rule means fair play, means a square deal, means that one man should have just as fair and square a deal as the next.

WE ARE AS FAIR TO ONE AS WE ARE TO ANOTHER

If that means that our principles must be "different," "extraordinary," "unusual," must be such as are NOT encountered in the beaten path of 20th Century business, then we are not only ready, but glad, to be looked upon as radical, extraordinary, entirely different, as "out-of-the-rut."

Being just as fair to one as to another precludes the possibility in our mind of selling to one man at one price and to another man at another. That may be all right but we can't see it that way. We don't believe in buying merchandise and we don't buy merchandise which we must of necessity keep so long that we cannot honestly and decently ask a customer to pay the regular price for it.

We Never Change Our \$15 Price

That principle means a whole lot more to you than you can recognize at first glance. It means that we must buy so carefully, so well, so thoroughly that we must positively know that every suit and overcoat we buy will absolutely sell at \$15 and be considered good value at that price.

Carrying goods over from season to season is not to be tolerated, not to be figured on, not to be allowed possible in a one-price business. That makes our task a little more difficult, but makes our store just so much more reliable for you.

We Offer You \$25.00 Suits and Overcoats at \$15 All the Year Round

GREAT FIESTA TO
ADVERTISE STATE

Sacramento Has Plan for 1914 That Aims to Benefit the Commonwealth.

Sacramento, Jan. 23. — A "Billion Dollar Fiesta" is to be held in connection with the 1914 State fair next fall, according to the plan launched at a meeting of the Sacramento Chamber of Commerce, directors and the members of the State board of agriculture. President W. D. Carmichael said last night that the idea is to celebrate by a festival the expenditure of \$1,000,000,000, which it is estimated has been spent in development of the whole Sacramento valley during the last five years. George W. Peck, accepted yesterday the chairmanship of a committee of 30 to carry out the "Billion Dollar Fiesta" idea. President Carmichael will name the other members of the committee. Five sections of the State San Francisco and the north bay counties, Santa Clara valley and the coast counties, the San Joaquin valley and Southern California will be invited to put on similar celebrations during designated days of State fair week to mark material advancement in the sections named.

SAN FRANCISCO, Jan. 23. — While the big guns from the Fort Winfield Scott fire command boomed out the brigadier-general's official salute Brigadier-General John J. Pershing, commander of the Ninth Brigade, took over the command of the Eighth Brigade at the Presidio yesterday morning. It was intended to hold a review of the brigade, but owing to the stormy weather this had to be called off, and with the exception of the commanding officers and company commanders, the brigade remained in barracks. The officers assembled in the headquarters office, where the command was officially turned over to General Pershing by Brigadier-General Potts, who has been in temporary command. General Pershing assumes command through the general shake-up of army heads which was recently ordered by the war department. He is fortunate in securing the command of the only brigade which is completely housed in one post. The Eighth Brigade consists of the Sixth,

Why Suffer
From Migraine or
Sick Headache?
USE ANTI-KAMNIA TABLETS

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two Anti-Kamnia Tablets when the first symptoms appear, and one Anti-Kamnia Tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-Kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain. P. S. A-K Salve for skin troubles.

RIGID TEST TO CHECK ALIENS

Immigrants May Face Physical Requirements of Army Recruit

WASHINGTON, Jan. 23.—After a conference today with Commissioner General of Immigration Caminetti, Secretary Wilson of the department of labor advised Speaker Clark that the problem of Asiatic immigration could be solved by Congress passing the standard of admission so as to include in the list of excluded aliens those persons not able to pass the

United States army. "Inasmuch as the vast majority of the present day immigrants must earn a livelihood, if at all, by performing manual labor," wrote Secretary Wilson, "I see no reason why the standard should not be raised to this point."

Views of the department of labor, including the immigration bureau, are expressed in a letter to Speaker Clark in which Secretary Wilson says the most serious immigration issue, but also immigration generally of a "battering" nature, without violating the most favored nation or other similar clauses contained in existing treaties, as subject and citizens of all countries would, under such a law, be treated in the same manner. The letter was in response to the request from Chairman Burnett of the House immigration committee for comment on the Baker bill for Asiatic exclusion.

CANADA HAS DRASTIC LAW. Secretary Wilson says that a concerted movement exists in India and elsewhere to gain admission to the United States; that Canada has legislated in even more drastic manner than is provided by Congress and that if the Hindu movement is not checked by legislation not only California and the West will be affected "as climatic and industrial conditions in the Southern states and other sections of the Union offer an extensive field for a people who can come in practically unlimited numbers, if by failure to do so Canada and other British colonies have done, they are tacitly invited."

The secretary also says that in view of the understanding with the Japanese government on immigration there should be incorporated in pending legislation an exception with respect to existing agreements as to passports.

Beside the Baker bill Secretary Wilson referred to bills by Representatives Church of California and Humphrey of Washington and contended that the constitutional right of ingress to such lands even when the provisions affect subjects of nations with which the United States has treaties containing the most favored nation clause "has, of course, been settled beyond doubt," and he cited certain decisions.

IMMIGRATION PROBLEMS. The secretary said that it would seem to be a question of probably only a short time before the United States immigration officials will be confronted with problems growing out of increasing immigration of Asiatic laborers from countries other than China, Japan or India. While he thought it well to dispose of the entire Asiatic immigration question in one measure, such as the Baker bill, the department, however, because of the time that will necessarily elapse before the Baker bill can become a law, urges the passage of an emergency measure of either of the other two.

Secretary Wilson declared that since 1899, exclusive of those from the Philippines, 656 Hindus entered the United States in a regular manner, and that the number of such immigrants had left. He intimated that a large number entered surreptitiously.

"The department is informed," he wrote, "that word has gone forth through India and certain portions of Asia and the adjacent islands that this is the promised land. From the Philippines came a report last spring that six or seven thousand were ready to start for the mainland at the first sign of the open door."

ROSTER SENTENCED.—John A. Sloane, who was arrested for rioting and whose case was placed on the reserve calendar, appeared in the police court today for disturbing the peace. He was given 90 days in prison.

FOUR BILLS TO CURB TRUSTS

Measures Favored by President Are Given to Public

(By Associated Press)
WASHINGTON, Jan. 23.—Four of the proposed bills to supplement the Sherman anti-trust act, suggested by President Wilson in his recent message to Congress, were made public last night. One of them, the measure to create an interstate trade commission, was introduced during the

Clayton, chairman of the judiciary committee. Three other measures prepared by the House judiciary sub-committee for submission and consideration by the full committee were given to the public in accordance with the President's program of publicity. Hearings will be held on all of them.

The three bills to be introduced tomorrow embrace the following subjects:

DEFINITION OF ACT. A bill to define the Sherman anti-trust act, to specifically include within the meaning of "conspiracy in restraint of trade," every contract, combination in the form of a trust or otherwise within the meaning of the word "monopolize," certain definite offenses, all of which would be prohibited, and fixing guilt upon individuals.

A trade relations measure designed to prohibit "cut throat" competition through price discriminations, discounts, rebates, territorial restrictions, etc., and giving to individuals injured by reason of anything forbidden in the Sherman act the right to bring suits in equity against corporations against which such measures have been obtained by the government.

REGULATE SECURITIES. Chairman Clayton announced that a fourth projected measure, which would provide for government regulation of railroad securities, had not been drafted and will be taken up by the House and Senate Interstate Commerce committees.

President Wilson's message to Congress suggesting anti-trust legislation supplemental to the Sherman law which would eradicate evils of big business and restore confidence and commercial activity, bore its first fruit today when a bill to create an interstate trade commission was introduced in the House.

Following a conference between Attorney-General McReynolds, Senator Newlands of the interstate commerce committee, Representative Clayton, chairman, and other members of the judiciary committee, Clayton submitted the measure and it was referred to the Interstate and Foreign Commerce committee.

Senator Newlands to introduce the bill simultaneously in the Senate was blocked by Senator Smoot owing to debate on the Alaska railroad bill.

**ARRESTED BY POLICE
ON STATUTORY CHARGE**
Robert West, 223 Ninety-second avenue, was arrested last night by Captain Thorwald Brown, Corporal Conroy and a house of police, and he is being held in the police station pending investigation of the charges made by Clara Beath, 15 years of age, a cousin of his wife. The girl had been left alone in the house with West, and had later taken refuge with neighbors, to whom she sobbed out a story of mistreatment.

West's wife has been ill, and the girl came down from her home at Polson to nurse her cousin. Mrs. West became well enough and went to Polson, leaving the girl to keep house for West.

According to the girl's story West made improper advances to her and then mistreated her. West denies the charges. The police state that they will file a charge of a statutory nature against him. The offense is alleged to have been committed Tuesday night.

**HOLDS BAG HANDLE AND
THIEF GETS HER COIN**
While boarding a Grove street car in a crowd last evening, Mrs. Charles Richardson, 2418 Grove street, was robbed of a handbag containing \$5. She believes that the handle of the bag was out. She did not miss it until she was in the car. A thief entered the offices of Miss F. E. Sisson, 815 First National Bank building, yesterday afternoon and stole a purse containing \$16. The purse was later found in the hallway of the Playhouse building, but the money had disappeared.

Henry Hinz, 112 Seventh street, reported the theft of clothes, jewelry, a razor and suitcase from his room. The belongings were valued at \$20.

S. G. Darby, 5307 Noble st, reported the theft of money, three fruit pies and a bag of wool from his home.

WANTS OFFICIALS PROSECUTED. Demanding a committee to report on the advisability of prosecution of officials for unlawful expenditure of public money, J. C. Coburn of Emeryville last night, before the Alameda County Civic Association, stated that he believed the city council of Oakland was unwise and should be disciplined. He said that unnecessary money spent in elections and in other ways, demanding a special committee on the matter. No action was taken save that the complaint was filed with the executive committee.

A committee, headed by E. L. Vander Nalven, will be appointed to urge the city council to refrain from entering into any contract for purchasing parks until the matter has been submitted to popular vote. The committee will also ascertain if the opinion of the district attorney setting forth that

coercion may be used for loans unless the funds are in the treasury is correct. The proposed chain of parks is involved in the committee's work. Discussion will be held after the committee reports next week.

ANOTHER UNDERWORLD ARREST. Lizzie Fenton, a woman of the underworld, was arrested last night on the complaint of A. Farnion, 320 Sixth street. Farnion alleged that the woman had stolen a valuable umbrella from him, taking it from a room in a local lodging house. The woman was held in custody.

The woman was probably with police arrest. This is the twenty-seventh arrest of women of the segregated district since the order closing the district was made effective January 1.

Good Clothes, Good Style, Good Fit Assured by The Vogue.

SIG. KLEIN, VOGUE, INC.

We are informed that The Vogue, Inc., tailors for men who know formerly located at 1020 Washington street, but more recently in the Woodward building, have been compelled to open more centrally convenient quarters at the large increase in the growth of their business. This wonderful growth in a few short months does not surprise us in the least, as we know from experience that The Vogue methods of doing business are such as to always make pleased and lasting customers. Their prices are such as to open the eyes of the skeptical to the possibilities of wearing clothes that count—clothes that reflect the individuality of the wearer. Sig. Klein and his brother, M. Klein, each give personal attention to the fitting of every suit they make as to quality, style, fit, workmanship and materials used.

OAKLAND CIVIC CENTER HEARS TWO ADDRESSES

Max Thelen, a member of the Railroad Commission of California, addressed the members of the Oakland Civic Center this afternoon at its regular meeting held in the Chamber of Commerce hall. He dwelt upon the legal aspect of "the control of public utilities and civil service," while Harrison S. Robinson, head of the civil service board of California, touched upon the "civil service" phase of the discussion. Mrs. Cora E. Jones, president of the Oakland Civic Center, presided. There was a splendid attendance of members and visitors at the session.

DISCUSS EFFICIENCY SYSTEM

Heads of various departments in the city government held a meeting last night at the city hall to discuss phases of the new efficiency system installed this month. The matter of markings was under consideration and several small matters of detail were threshed out and agreed upon. The men declared that good results were already apparent from the new system. About 25 attended the meeting.

ATTENTION MOTHERS

If You Have or Know of a Delicate Child Read This Letter.

"My little daughter Louise, age 9 years, has always been delicate, anemic, had no appetite and seemed listless, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago, and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and faith in Vinol both as a blood maker and body builder. As my child was an anemic for so long makes the reason all the stronger for me to commend it to others in similar condition." Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner it increases the appetite tones up the digestive organs every organ of the body.

Every bottle of Vinol is guaranteed to give satisfaction or money refunded. The Owl Drug Co., Oakland, Calif.

TO INVESTIGATE LABOR DISPUTES

American Federation Passes Resolutions Covering Many Subjects.

(By Associated Press) WASHINGTON, Jan. 23.—Resolutions authorizing investigations of labor disputes generally, and providing for the inauguration of a "labor organization campaign" throughout the occupational branches of industry were approved yesterday by the executive council of the American Federation of Labor.

The council decided to institute vigorous steps toward organizing civil service employees of the government both in Washington and in the branches of the federal service throughout the country.

A series of resolutions approved included one calling upon the officers of the Federation to take up with the Colorado State Federation the inauguration of a "labor forward movement" in that State, and another ordering a campaign for the organization of the workers in every State where unions have not been formed.

The resolutions also recommended that the public school teachers should be urged to organize "for the betterment and advancement of their best interests."

TO SPREAD UNIONISM

Renewed activity was suggested for the promotion of occupational diseases. Establishment of lecture bureaus throughout the country to bring about a wider knowledge of the fundamental principles of the union movement was authorized and a sub-committee was directed to endeavor to have an examination made of all documents relating to the alleged fraudulent seizure of Michigan copper lands. The committee will present its findings to President Wilson and to Congress with an appeal that the government take the necessary steps to have the alleged illegally seized lands revert to the government.

The council also decided to appeal to the federal industrial relations committee to give its influence in procuring a settlement of the strike in the Illinois Central.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out kidneys—Drink plenty water.

Tric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be tempted to seek relief now or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drug-gists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

EDUCATOR HURT IN AUTOMOBILE CRASH

Prof. Carl H. Neilson of Vallejo Suffers Severe Injury by Mishap.

VALLEJO, Jan. 23.—While walking down Sonoma street between Carolina and Capitol streets, after the meeting of the board of education last evening, Professor Carl H. Neilson, principal of the Vallejo High School, was knocked down by a taxicab driven by Fred Behlen, and severely injured. He is suffering from a sprained left knee and a number of contusions about the body which will require some time to heal.

The accident happened during a blinding rainstorm which made it impossible for Behlen to see ahead clearly. Both men were holding umbrellas directly in front of them and could not see the approaching machine. Dr. Ream Leachman is attending Professor Neilson.

MUNICIPAL LAKES ARE ALMOST COMPLETELY FULL

VALLEJO, Jan. 23.—The storm as prevailed last night in the Napa county mountains will result in the filling of the Vallejo lakes. The water being filled to the top of the dam by the end of the present week. Today the amount of water in storage passed the 900,000,000 mark and is now crowding the 1,000,000,000 gallon figure. This morning Deputy Water Superintendent Charles Olsen telephoned to Commissioner of Public Works George H. Warford stating that during the last 24 hours the rainfall in the valley had been 3.77 inches and that the new lake registers 77 feet 9 inches while the old lake shows a depth of 37 feet 7 inches. As the total capacity of the new lake is 50 feet and the old lake 40 feet it will fill the lakes. Early this morning the total amount of water in storage was 883,000,000 gallons.

The rainfall for the season in Wild Horse Valley has been 31.61 inches and in Green Valley 28.57 inches. Great streams of water are running into the reservoirs.

WILL BOOST VALLEJO

VALLEJO, Jan. 23.—With the departure today of Mr. and Mrs. G. A. Bergquist of this city on his transcontinental journey, there across the Atlantic, through the Mediterranean and into the Orient, was launched a campaign of publicity for the Vallejo Chamber of Commerce.

MARE ISLAND NOTES

MARE ISLAND, Jan. 23.—Mare Island officers expect to receive some word early in February concerning the awarding of the contracts for the two Marine supply ships.

Civil Engineer G. A. McKee, U. S. N., public works officer at Mare Island, is quite anxious to have the present Congress appropriate \$20,000 additional for the needed repairs to the south end of the yard quay wall.

The destroyers Whipple and Perry have arrived at San Diego according to word received at Mare Island today.

Some ammunition was placed on the monitor Cheyenne today.

An accident to the army troopship Sheridan's anchor engine this morning just as she was about to leave San Francisco bay for the local government plan caused a two-hour delay and by the time that the transport arrived at Mare Island light it was too late to dock the vessel.

Past Assistant Surgeon Ernest O. J. Entine, U. S. N., reported at the yard today for duty at the Mare Island hospital. Surgeon Entine was formerly on duty at the Guam station.

NAVAL OFFICER AND BRIDE ON HONEYMOON

SAN FRANCISCO, Jan. 23.—Arriving yesterday on the Pacific Mail Panama liner City of Para were Lieutenant-Commander Corbin J. Decker, U. S. N., retired, and his bride, who was formerly Miss Katherine Mason, daughter of W. T. Mason, a wealthy and prominent lumber operator of Asheville, N. C.

The couple who are on their honeymoon trip, were married in Asheville on December 3, and have since been traveling, having visited the Panama canal.

For ten days they were guests of army friends. After a two-week visit in this city and at Mare Island Navy Yard they will proceed to Portland, Ore., where they will remain for several days, afterward taking a train for Southern California to visit friends for a month prior to their departure for New York.

Commander Decker was formerly surgeon on board the battleship Alabama, but the past four years has been on the retired list and in business in New York City.

The marriage of the couple took place under most romantic circumstances after a meeting in Washington, D. C., where the bride was the guest of honor at a house party given by a North Carolina senator.

Mrs. Decker is a beautiful young woman of Southern type, whose gracious manner and charming Southern accent have won her many friends in Washington and New York society. Extensive preparations are being made for the entertainment of the couple upon their arrival in the latter city.

WOULD HAVE COURTS PROTECT OUR ALIENS

NEW YORK, Jan. 23.—Former President William Howard Taft in an address last night before the New York Peace Society, urged the enactment by Congress of a law which would give the federal courts jurisdiction to prevent and punish crimes of mob violence against aliens.

The avowal of the government that the foreigners killed or injured had the same protection as the citizens of the state had, in the cases he examined, represented little more than that the injured alien had had no protection at all, the speaker said.

STEPHENS TO LECTURE

Prof. H. Morse Stephens of the University of California will give the ninth lecture in the series on "The Napoleonic period in Europe," this evening at 8 o'clock in Plymouth Center, Laurel and Piedmont avenues. The address will be public.

RHEUMATIC PAINS RELIEVED

Why suffer from Rheumatism when relief may be had at so small a cost? Mrs. Elmer Hatch, Peru, Ind., writes, "I have been subject to Rheumatism for many years, it relieves me immediately and I take pleasure in recommending it to others." Write for free literature to Geo. Good Bros. Drug Store, 12th and Broadway.

STATE PROBATION OFFICERS CONVE

Adopt Official Name and Select San Francisco for 1915 Convention.

(By Associated Press) LOS ANGELES, Jan. 23.—The California Probation Association will be officially adopted by probation officers of the state yesterday during their conference here. The next convention will be held in San Francisco in 1915.

William L. Lillenthal of that city was chosen chairman of the committee to make the arrangements.

The "girl problem," the detention home question, and the "big brother" movement were among the topics discussed today. Miss Louise Barber, a probation officer of Los Angeles, in charge of the girls in private families whenever possible.

Added to the collection, which is said to be the finest in existence, are fifty-seven letters written by Stevenson to Sir Sidney Colvin. Twelve of the letters were written during Stevenson's voyage in the Pacific between July, 1885, and October, 1886, and forty-five during his residence in Samoa, between November, 1886, and November, 1889.

Many of them range from 2000 to 3000 words in length and taken together furnish full and continuous record of the author's doings and feelings during the last seven years of his life.

CHAMBERLAIN'S SON TO SEEK SEAT OF FATHER

(By Associated Press) LONDON, Jan. 23.—In view of the determination of Joseph Chamberlain to retire from Parliament at the next general election, his son, J. Austen Chamberlain, has been invited to contest the Birmingham seat. J. Austen Chamberlain is a member of Parliament since 1892, representing the East division of Worcestershire during that time.

METHODIST EPISCOPAL SUNDAY SCHOOLS GAIN

(By Associated Press) CHICAGO, Jan. 23.—A gain of 100,000 pupils was made in the Sunday schools of the Methodist Episcopal church during the past year, according to a report made today by Rev. Edgar Blake, corresponding secretary of the board of Sunday schools. The total Sunday school enrollment of the church was reported to be 326,824.

CASHIER INDICTED

Indictments were returned here yesterday against James P. Armstrong, cashier of the Bank of America, for a conspiracy to defraud the bank with forged checks amounting to \$20,000.

ROAD CAVES IN ON MILL VALLEY TRAIL

SAN FRANCISCO, Jan. 23.—A sudden landslide in the darkest of the Mill Valley road beneath the shadow of Mount Tamalpais last night not only was responsible for a fifty-foot fall into a canyon of a fire containing Ralston White and his wife of the magnificent summer home, the "Garden of Allah," but also for that of a vehicle containing three men which had been sent out to rescue the Whites. Before the latter mislaid another car, driven by J. Bishop, had fallen over the escarpment and crashed down into the canyon to a depth of 150 feet, though not before Bishop had leaped from his driving seat.

Ralston White is a son of the prominent San Francisco club woman, Mrs. Lovell White, a widow of the former president of the San Francisco Savings Union.

One of the horses was killed, while the other fell under the wreckage of Bishop's rig. The entire bottom of the canyon was littered with broken carriage wheels, torn harness and injured and dead horses.

The three in the last rig to go over the slide—this trio also escaping serious injury—were A. J. Budah, J. O'Hara and William Adams, all of Mill Valley.

MASONIC LEADER HERE

SAN FRANCISCO, Jan. 23.—Edward MacFarlane, a past grand Z of the Grand Chapter of Royal Arch Masons, of New South Wales, is here on his first visit to the United States.

MacFarlane visited the Masonic Temple, accompanied by his daughter, and conferred with Thomas A. Davis, assistant grand secretary of the Royal Arch Masons of California. MacFarlane was profuse in his expressions of wonder at the beauty of the new Masonic Temple. MacFarlane and his daughter are guests at the St. Francis hotel. They expect to visit Yosemite and other points of interest.

DEMANDS SHARE OF CASH FROM PROPERTY SALE

Mrs. Laugenour Denies Complaint of Husband and Asks for Right

WOODLAND, Jan. 23.—Mrs. Irma Laugenour of San Francisco yesterday filed her answer and cross-complaint in the action brought by her husband, W. R. Laugenour, to recover certain suits alleged to be due as consideration for the conveyance of two pieces of property to her several years ago.

Mrs. Laugenour denies that there was a lack of consideration, and sues for her share of the amount received by her husband from the sale of the home property in this city for \$7000 and the Soutle ranch in Capay valley for \$21,000, all of which money she alleges was kept for her own use. Mrs. Laugenour recently instituted divorce proceedings. The Laugenours are prominent in San Francisco and Berkeley social circles.

WOMAN'S APPAREL CENSORED BY MARSHAL

BIDARTIST, Jan. 23.—Field Marshal Fekete, commander of the garrison here, has issued the following:

"It is the order of the garrison to prohibit the wearing of such attire as to appear in silk skirts, and thus overstep the furthest limits of propriety as laid down in the officers' corps, all military men are commanded to inform women of their families and women who are invited to military functions that silk skirts are not permitted."

SUFFRAGISTS TO MAKE ANOTHER APPEAL

WASHINGTON, Jan. 23.—Arrangements were completed last night by the Suffragists' Congressional Union for a second appeal to President Wilson for support for a suffrage amendment to the federal constitution. Disappointed by their interview with the President several weeks ago, the suffragists have decided to change their tactics, and this time they will appeal through "working women, direct from the factories, shops, mills, hand-loom and employment agencies generally throughout the country."

Leaders of the union announced their plans of a march upon the White House on February 2.

Delegations of women for the "march" are now being enlisted to assemble here February 1.

MRS. FISH PUTS BAN ON TANGO

NEW YORK, Jan. 23.—The tango is dead so far as the New York 400 is concerned. It was buried last night at Mrs. Stuyvesant Fish's ball.

"I won't have any tangoing done in my house," she said. "When everybody's doing a thing in cabarets and dance halls it is time to stop it."

Mr. and Mrs. Vernon Castle devised its successor and Mrs. Fish has given it its name.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After a Few Doses Are Taken.

Backache, urinary disorders and rheumatism are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped-up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder and cleans out and strengthens the stopped-up, lifeless kidneys so they filter and sift all the poisons from

the blood and drive it out of the system.

Be sure, so positive, so quick and lasting are the results obtained from the use of Croxone that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

POODLE OF SOCIETY WOMAN IS CAPTURED

SAN FRANCISCO, Jan. 23.—San Mateo was treated yesterday to the spectacle of Mrs. H. McDonald Spencer, society leader of Millbrae, and George Magal, the village poundmaster, in an automobile race for possession of Mrs. Spencer's pet Pomeranian dog, which is now in the San Mateo pound. Magal started after the dog while Mrs. Spencer was shopping and the poundmaster halted an automobile to take him in pursuit. Mrs. Spencer took up the chase in a taxi and the dog was well in the lead, took refuge in the grounds of the Eugene de Saba mansion. From this haven of safety it ventured to return to San Mateo, where Magal pounced upon it in triumph. Mrs. Spencer told the poundmaster she hoped that the dog, if it had the rabies, would bite him.

MASTER PAINTERS CONVENTION

STOCKTON, Jan. 23.—Master painters and decorators of California are holding their tenth annual convention in this city. There are 60 or more delegates from various parts of the state present. The first two sessions were devoted entirely to business relating to organization. This afternoon a sightseeing trip to Lodi and Woodbridge is being made in automobiles. A theater party is on the program for tonight. The convention comes to a close Saturday night with a banquet and entertainment.

CALIFORNIA ROADS FIGURE IN MOVIES

Los Angeles Trip Over Coast Route Makes a Clever Picture Film.

(By EDMUND GRINNION.)
Motion picture looking circles are looking forward to the promised release of a several reel feature depicting the scenic and historical automobile route between San Francisco and Los Angeles. Because of the world wide fame of California scenery, this picture is expected to meet an immediate demand that will carry it to every corner of this country and Europe. In fact, advance sales to the largest American exchanges, some of which have extensive European connections, already assure the film a wide exportation that is sure to do much toward advertising California scenery, climate and roadways to the world.

The California Motion Picture Corporation, which is producing the feature, have already exhibited it in private to a number of men generally recognized as authoritative critics in modern picture circles, and on every hand the universal verdict pronounces the picture one of the greatest travelogue features ever released.

Throughout, there is a suggestion of gorgeous scenery and broad verdant valleys, and orchard lands combine to give the picture unusual variety. With a delightful rapidity that precludes all possibility of monotony, the tourist is whisked from the rugged peaks of the Sierras to the rolling stretches of valley road, the city boulevard.

The historical interest of the pictures is quite as pronounced as the scenic feature as do also the old Custom House of 1834, General Sherman's headquarters in 1846, the first American flag raised by John Drake in 1846, the Hall of Records built in 1834 and the first wooden house erected in California from lumber shipped around the Horn.

The trip on which the pictures were taken was made by Herbert Payne, the Menlo Park millionaire clubman, in his Cadillac car.

TOURING INFORMATION.
The touring bureau of the California State Automobile Association, has issued the following bulletin as to the condition of roads following recent storms:

Coast Road, San Francisco to Los Angeles, had road for three miles north of Gilroy, and the Chittenden road off is impassable on account of bridge being washed out between San Jose and San Luis Obispo. The road is in bad condition for short distance; from San Luis Obispo to Santa Barbara as on to Los Angeles there is no trouble reported. Road from San Luis Obispo to Bakersfield via McKittrick and San Margarita is in very good condition.

Valley Road, San Francisco to half mile west of Dublin road in good condition, for this half mile full of ruts but possible. The road from Livermore to Modesto is in good condition, but the road from Modesto to Bakersfield is in very good condition.

CITY REQUISITIONS NOT MADE PUBLIC

Manufacturers Make Protest When Denied View of Documents.

The refusal of Purchasing Agent A. T. Kalls, the newly appointed city official, to show the Manufacturers' Committee of the city the requisitions made on him by city departments, has started a storm of protest in that organization which may lead to a demand to the city authorities that Kalls be dismissed. Kalls, according to a report rendered last night at the meeting of the committee, informed their representatives that requisitions were not public documents, and that he was within his rights in refusing them.

"Who's paying the taxes that settle for these requisitions?" Kalls demanded. J. W. Phillips, "Every scrap of paper that deals with the disbursement of public funds is a public document, and it's up to us to get it right."

Secretary Fred Boole of the committee had asked to see the requisitions turned in to the agent by city departments, that he might further local industries. He had been given a similar permit by the county authorities.

"Kalls told me they were not public documents, and that I couldn't have them," said Boole. "I went to Commissioner Anderson, and informed him that I would take the matter up with the council. Anderson asked me not to make a row before the council, and promised to see Kalls. He brought us together and Kalls promised to make me proposals for purchase although I have not yet received any."

"These are public documents that we want to see," said Chairman Scott, "and we must take a determined stand. We want them. Let's call them to the council."

"Well," said Boole, "Kalls is new on his job, and hasn't had a chance to get a system in his work-stamped office yet. Let's give him a week to think it over, and then go into the law on the matter." This suggestion was adopted. If the papers are not open to the committee officials by next week formal action will be taken.

ICEBERG SPLITS BOAT: FISHING COMPANY SUE

SEATTLE, Jan. 23.—Because an Alaska iceberg, from which they were harvesting ice for the fishing schooner Comet split in two, wrecking their dory and injuring them, Ole Pederson and Johan Johansen, fishermen, employed on the Comet, have filed suit in Superior Court for \$1500 damages against the San Juan Fishing and Packing Company, owners of the boat. The complaint recites that in September the ice used to preserve halibut on the Comet was taken from a crop from the nearest iceberg in Dundee bay. While they were lifting a piece of ice into their dory the iceberg split, part of it falling on the boat and the other half coming up under the dory, destroying it.

FRAMING STRIKE PLANS

WASHINGTON, Jan. 23.—Plans for congressional investigation of the Colorado and Michigan strikes were being framed today by Congressmen who expect the House to act favorably on the decision of last night's caucus, which instructed the rules committee to bring in a special rule permitting such an investigation. Those who opposed the investigation in the caucus will continue to oppose a vote on the part of the House on the contention that no federal question is involved.

VESSELS CREEP INTO PORT, DISABLED BY FURY OF OCEAN

RAGING SEA SMASHES SHIPS

Carrier Lakme Comes Into the Harbor With Deck Stripped.

Carrie Tamalpais and Yellowstone End Harrowing Trips.

Partly filled with water, her deckload strained to the point of breaking away, and with hardly enough fuel left to carry her into port, the little Charles Nelson lumber carrier Lakme, Captain Olsen, arrived in port late yesterday and crawled up into the inner harbor over twenty-four hours overdue from Europe. It had been originally intended by the vessel to steam directly south to unload, but because of fuel shortage and the fear that her deck loadings might part, Captain Olsen brought his command here. Upon being moored alongside the Sunset wharf in the inner harbor, it was found that the vessel had shipped considerable water, through an after hatch which had broken under the heavy seas which pounded her during the run from the north. During the greater part of the run the Lakme emitted to a great extent a submarine, her entire forward deck and bridge being under water.

So high were the seas that several washed clear over her smokestack, carrying with them everything unfinished on the deck. When about twenty miles north of the heads it was noticed that the vessel was wallowing badly, investigation disclosing the fact that she was running under light steam in order to husband the fuel remaining until she arrived in port.

"It was the worst storm I ever experienced," declared one of the crew, yesterday. "We had hardly crossed the bar when the fun began and it kept up the remainder of the trip. The sea was like mountains, and we were in constant danger of capsizing one or two times. Captain Olsen was on the bridge practically all of the time, and it was due to his clever manipulation of the vessel that she escaped getting the big seas broadside. One of these and the vessel would certainly have foundered. Sleep was almost impossible, and the constant backing of the boat making it difficult to remain in the bunk."

CARRIE TAMALPAIS CREEPS IN. Shortly before the arrival of the Lakme the Carrie Tamalpais crept in, almost fifteen hours overdue from Gray's Harbor, with lumber for the E. K. Wood Lumber Company. Scores of other craft lumbering here and there from eight to twenty hours overdue, while quite a number have yet to be heard from. All operators agree that the storm is one of the worst they had ever experienced.

The big steel steamers, Mackinaw and Queen, are at local yards undergoing repairs as a result of their experiences with the waves.

Today the steam schooner Yellowstone, Captain John P. Peterson, docked at the Lawrence Warehouse Company's Alameda street wharf, after a harrowing passage from Gray's Harbor. The Yellowstone figured in the same storm that swept the Tamalpais, but was not so fortunate as the latter craft. Her masts, masts and other rigging were smashed and torn, while a large portion of her deckload was washed overboard by the big seas. Following the destruction of the schooner, her cargo at the local wharf the vessel will be placed on a local ways for a general overhauling. It is estimated that the damage will reach close to \$10,000.

RUDDER CARRIED AWAY. Saturday at 4:30 a. m. according to the vessel's log, when fifteen miles south of Cape Blanco, the southwest gales which had been sweeping the vessel since her departure from Gray's Harbor three days before, increased in fury, and abetted by high-running and breaking seas, tore the rudder from its fastenings. Without anything to guide her, the carrier swung in the trough of the big seas, which pounded her decks and dismantled her rigging. Her sides exposed to the pounding seas, and her crew unable to bring her back on her course, the vessel appeared doomed to founder. However, the

DANSANT AT OAKLAND HOTEL PROVES JOLLY AND BRILLIANT EVENT

"Informality," Keynote of Enjoyment at Dance

BRILLIANTLY clever dancing, informality enough to make everybody happy and, above all, thorough enjoyment of every moment of the evening were the marked characteristics of the Dansant—the second of the Thursday evening dances—given last night at the Hotel Oakland.

It wasn't just a dance, or a ball such as can be found on three nights out of the week in the winter season; it was four hours of the jolliest sort of merry-making, in which the grandfathers and grandmothers shared the fun of the younger set, and where young and old alike danced until the last note of the orchestra sounded.

The guests began to arrive shortly after 8 o'clock, when the informal dinner parties that had been given at the hotel were over, and the guests ready for the more strenuous part of the evening's pleasure. And strenuous, indeed, it seemed to the onlookers, who were in the

minority, however. The tango, with its hundred or more variations, waltzes by the dozen, and plenty of ragging, kept the dancers busy and many were reluctant to leave it even for supper.

MANY GORGEOUS GOWNS.

The affair took place in the ivory room. Decorations were omitted, the beauty of the hall itself requiring no further ornamentation. The gorgeous gowns of the women present and their handsome jewels showed off to excellent advantage under the brilliant lights. Tables were arranged around three sides of the ballroom, in a double row that nevertheless left ample space for the dancers to enjoy their part of the program. Here the onlookers were seated during the evening, and here also supper was served at the conclusion of the affair. The majority of the tables were encased days ago, the success of the first dance having persuaded those who attended it that there was no time to be lost if they wished to entertain a group of friends.

On the whole, the supper parties were not formal affairs, and in fact, several of the hosts and hostesses did not know when the dance opened, just who would be seated at their table. The informal "Come and sit with us," was passed back and forth all evening, until the several hundred guests were arranged in groups at the various tables.

Beautiful gowns and flashing jewels were to be noted on all sides. At the close of the evening, when the guests came in tailored costumes, in keeping with the invitation to an informal party. A few of the men, too, were in business suits, but on the whole the assemblage was in the full glory of evening dress, an unusually stunning evening dress, too. Society seemed determined to outshine any former affair in the magnificence of the gowns worn, as well as in the expertness of the dancers.

WELCOMED BY PATRONESSES.

The guests were welcomed by the patronesses of the dansants, whose names are representative of the very exclusive set of society on this side of the bay. The list includes Mrs. Wallace Alexander, Harry Chickering, Mrs. Leon Clark, Mrs. Paul Dismore, Mrs. James H. P. Dunn, Mrs. Minor Goodall, Mrs. Warren Hart, Mrs. Thomas Howard, Mrs. Stuart Hawley, Mrs. Edward Howard, Mrs. Harry Knowles, Mrs. Oscar F. Long, Mrs. Irving Lundborg, Mrs. George McNear, Mrs. Kendall Morgan, Mrs. Robert C. Newell, Mrs. Challen Parker, Mrs. Frank Proctor, Mrs. Dennis Seales, Mrs. Robert Van Sant, Mrs. Harry White, Mrs. William Thornton White, Mrs. William Williamson and Mrs. Raymond Wilson.

GRACEFUL DANCERS.

Unusually graceful dancers were numbered among the merry-makers last evening. Miss Pauline Painter, one of the

cult things of the kind. Mrs. Wickham Hartman, who only stopped for supper, was one of the striking figures of the evening in her gown of king blue brocade in silver; her dancing was much admired.

Another graceful member of the party was Miss Lois Crosby, the niece of Mrs. Charles Butters, who certainly has the art of dancing down to a science. In Mrs. Butters' party was Miss Violet Buckley, one of the popular girls of the younger set in San Francisco, and like Miss Crosby, one of the notable dancers on the floor. She was crowned in black, which set off her blonde beauty. Mrs. Rishworth Nicholson, Miss Dorothy Taylor, Mrs. David McK. Gregory, Mrs. William Thornton White and Mrs. William Cavalier were remarked not only for their dancing, but for their unusually handsome gowns.

An entertaining surprise of the evening was the exhibition dancing of Mrs. Margaret Tefft Weldon and Theodore Tefft Weldon. A new tango and one of the more difficult of those with which the dancing world is already familiar, were their contributions during a pause in the evening's fun, the other guests in the meantime seating themselves at the tables. Last week exhibition dancing was not on the program and last night's innovation was greeted with enthusiastic applause and incidentally with the hope

MRS. WILSON IN U. S. LAND TANGLE

President's Wife Says She Paid \$3000 for Disputed Tract.

Writes to Rival Claimant, Saying She Has Paid Taxes Three Years.

(By Associated Press) LOS ANGELES, Jan. 23.—Mrs. Woodrow Wilson, wife of the President, paid \$3,000 for the sixty acres of land in Coahuila valley, which is the subject of contest in the United States land office here.

Mrs. Wilson so told Homer L. Goddard, one of the rival claimants, in a letter written from Pass Christian, January 9. Mrs. Wilson added that she had paid taxes upon the tract for three years.

All the while, however, the original owner, which was obtained by John T. King with state land script, had not been perfected, and shortly after Mrs. Wilson obtained the land from her sister, Mrs. Margaret Axson Elliott, Mrs. Maude Compton Hensle of Los Angeles filed upon it a homestead claim, which she subsequently passed on to Goddard, an athletic instructor in a Los Angeles high school, king obtained his title for \$102.50. He sold to Mrs. Axson Elliott for \$1500 and she resold to Mrs. Wilson for \$2000. Mrs. Hensle charged her homestead claim for the government filing fee, and Goddard paid for her relinquishment \$500 in cash and gave a note for \$350.

PRESIDENT NAMED AS OWNER. While Mrs. Wilson's letter states that she is the owner of the contested land, the deed by which it passed from her sister names the President himself as the owner.

Mrs. Wilson's letter, written by one of the White House secretaries, follows: "Dear Sir:—Your letter to Mrs. Wilson has just been received and she regrets to say that you have been entirely misinformed as to the matter about which you write. She did not acquire the land by government script, but, on the contrary, paid \$2000 cash for it and has also paid taxes on it for three years. Mrs. Wilson, of course, has nothing directly to do with the matter; she can only refer you to Mr. John S. Webb, 1916 Wright & Calendar building, Los Angeles, who will acquaint you with all the facts in the case and who may be able to make some suggestion that may be of use to you. Sincerely yours,

(Signed) C. L. SWIFT, Secretary. Mr. Homer L. Goddard, San Angeles, Cal."

SUSPECT ARRESTED. SAN FRANCISCO, Jan. 23.—Jack Stevenson was arrested by Patrolman McIntyre early this morning and charged with larceny on complaint of Nick Morelli, 1364 Sanchez street, who was robbed of his watch on Pacific street. The timepiece was not found on Stevenson, but the officers learned that immediately after Morelli's pocket had been picked the accused man had tried to sell a watch to the crew of a Kearny street car.

World Rides in 2,000,000 Motors, Is New York's Belief

(By Associated Press) NEW YORK, Jan. 23.—There are at present registered in the various countries of the world nearly 2,000,000 motor vehicles, according to statistics just compiled by the office of the secretary of state of New York. In this total the United States heads the list, having more than twice as many automobiles as Great Britain, the

Secretary Mitchell, after a careful compilation, are as follows: United States, 1,127,940; Great Britain, 425,838; ascertained total from various European countries, 273,511; estimated total from other countries, 92,500; total, 1,919,789 registered cars.

SOLDIER COASTS TO DEATH; OTHERS HURT

Three Accidents on Hill in 24 Hours; Nine in Hospital

(By Associated Press) WEST POINT, N. Y., Jan. 23.—Three coasting accidents on Mile Rock hill, in Highland Falls, near here, during the last 24 hours, caused one death and sent nine persons to the military hospital.

Harry J. Young, who died today, was a young private in the field music detachment at the military academy. His home was in Baltimore. Young was a steersman on a bobbed loaded with soldiers which ran into a telegraph pole last night. Private Russell C. Elliott, also a musician, had his skull fractured and probably will die. Three other privates were slightly injured.

Lieutenant James Gordon Steele, of the engineering corps, an instructor at the military academy, suffered a broken leg yesterday afternoon when a bobbed carrying a party of officers and their wives collided with a wagon. Mrs. George Vidmer, wife of a cavalry captain, and Captain Frederick B. Downing, of the engineering corps, also were badly hurt in this accident.

Charles Champlain, 12 years old, suffered a broken arm while coasting on the same hill.

Heir Born to Prince Victor Napoleon

(By Associated Press) BRUSSELS, Jan. 23.—An heir to Prince Victor Napoleon, the official pretender to the imperial throne of France, was born here today. Prince Victor Napoleon, who is in his 52d year, was married in 1910 to Princess Clementine of Belgium. A daughter was born on March 20, 1912.

SAVING TO BE MADE IN FUEL

Navy to Furnish Own Oil, Plan Discussed by Washington Officials.

\$500,000 Appropriation for "Highly Probable" Land Proposed in Plans.

(By Associated Press) WASHINGTON, Jan. 23.—As the result of an investigation disclosing the advantages of oil-equipped battleships, Secretaries Daniels and Lane, Chairman Padgett of the House naval affairs committee and others have been conferring over a project for government ownership of oil lands and pipe lines for furnishing the navy with its own fuel.

Rear-Admiral Griffin, chief of the bureau of steam engineering, has just filed with the House naval committee a statement outlining the project with recommendations. Meantime a hearing will be given at the interior department next Saturday night on a bill of Senator Gore's proposing a pipe line from Oklahoma to the gulf of Mexico for the use of the navy. A \$500,000 appropriation to lease "a quarter section of highly probable land" is recommended "as a beginning," the remainder to be used for drilling and acquiring additional lands. The government, it recommends, should have the same selling rights as any company beginning operations.

'Anti-Tipping' Order For Panama Zone

(By Associated Press) WASHINGTON, Jan. 23.—By executive order President Wilson promulgated what is practically an anti-tipping law for the Panama Canal zone. Aside from prohibiting employees of the canal organization from receiving rebates or commissions on supplies, it prohibits gifts intended to induce any employee to perform without the knowledge of the employer. It is entitled, an order "to prevent the corrupt influence of agents or servants" and provides a year's imprisonment and fines ranging from \$10 to \$100 for violations.

MRS. EDWARD GALT—Black tulle with long cascade for further embellished her charming costume.

MRS. FREDERICK VAN SICKLEN—Tapestry broadened skirt of white lace. She wore an unusually handsome array of diamonds.

While exports of automobiles in the meantime showed enormous increases imports showed a marked decline. The total value of automobiles and parts thereof imported in 1909 were nearly \$4,000,000 and last year about \$1,500,000. American automobiles are sent to all parts of the world, the Scuds for last year showing exports to about 75 countries and colonies. America's largest customer is Canada.

WALKY MULE CAUSES LAWREK; DRIVER INJURED

SAN FRANCISCO, July 23.—A mule attached to a fish wagon of the University balked in front of the University Club at the corner of the city streets. A California street car was coming in one direction and the driver, who was driving through the driver coaxed and threatened and whipped he could not move the stubborn beast. Finally the mule was smashed, the car overturned and the driver was pitched to pavement. He was moved to the Central Emergency hospital and treated for numerous cuts and bruises.

OLYMPICS TRIUMPH OVER OAKLAND "Y" PLAYERS

Harry Wolters Reported to Have Been Bought by the Angels

FORMER YANKEE FIELDING SENSATION SAID TO BE ANGEL NOW

Harry Wolters Secured for Hen
Berry Outfield; If True,
He'll Do.

Harry Wolters, the former Yankee star, who was reported to have been sold to Indianapolis, is now said to have been turned over to the Los Angeles club by Frank Chance. This follows the rumor in the Angels' camp that Wolters is a director of the club, and that he managed when Dillon retired in 1910. Wolters batted .255 last year, but had not fully recovered from the effects of a broken ankle. He is now in San Jose and is said to want to remain in California, which is his home. His addition to the Angels would strengthen that club immensely.

The Oakland club will have no dearth of material from which to select a train. Doc Carroll will henceforth give his exclusive services to the Seals and the appointment of someone to the job. Applications have been received from Wolters, M. C. Albright of the Portland Northwest club, J. J. Lemer, Chester A. Reed, who was with the Oaks in the spring training season last year, Al Bell, of the Chicago club, and an appointment will be made until Manager Devlin arrives on the job.

NEW YORK PLANNING TO REVIVE RACING EVERY DAY

NEW YORK, Jan. 23.—Horsemen who are wintering in New York are awaiting anxiously the day for the racing season, which probably will not be issued by the Jockey Club for several weeks yet. The season was made yesterday by a man well acquainted with the situation that the racing men would have nothing to complain of when the schedule is made up. The officials have given made up their minds that the only way to obtain high class sport is to hold races on every day of the week instead of three or four times a week, the custom that prevailed last year.

That racing every day is the keynote to success was proved by the Saratoga meeting last season. The meeting at the Spa was better, in every way than those held at Belmont Park, and the argument is made that if Saratoga can be made to race every day, the same kind of a program. The plan as outlined is to race every day except on Sundays at Jamaica, Empire City is likely to come in for a short session, but there is no likelihood of racing at either Gravesend or Sheepshead Bay.

U. C. TRACK RALLY DRAWS 153

UNIVERSITY OF CALIFORNIA, Jan. 23.—One hundred and fifty-three persons signed up late yesterday afternoon when the annual track rally was held in California hall. The intercollegiate meet with Stanford is on April 15. The 1914 crew season—a season that is destined to either make or break rowing in California—will be launched under the best possible auspices in 1914. California had at 5 o'clock this afternoon. For the first time in six years a professional coach will be at the helm when the prospective varsity question arises.

'SILVER FOX' HOLDS TO HIS HIDE DILLON SENTIMENT IS STRONG

DILLON
LOS ANGELES

"TOP" DILLON, THE GRAY HAIRED LEADER OF THE ANGEL CLUB WHOSE FALL IS ANTIMONY, BUT WHO WILL CONTINUE, NEVERTHELESS, AS MANAGING DIRECTOR OF THE TEAM.

LOS ANGELES, Jan. 23.—"Top" Dillon, the Silver Fox of Coast League baseball, will be once more in full charge of the destinies of the Angels when the bell rings on March 31. Every winter the newspapers have tied a can to the veteran and announced his successor, and just about this time of year, Dillon is always restored to his accustomed place and public sentiment swings in his favor. "Accidents to our catching department and consequent handicap upon our pitchers caused us to lose our steady last year, and throw us out of the lead," said Dillon. "We will take the field this year, stronger than we have been for years."

Summer Baseball O. K'd by Captains

NEW HAVEN, Conn., Jan. 23.—That summer baseball should be allowed college athletes as a means of earning their living as well as a sport and to keep them in practice, is the consensus of opinion of college captains whose views have been gathered by the Yale News. Captain John T. Blossom of Yale favors summer baseball and says that it is bound to come.

AMATEUR BASEBALL

Former organization of the Contra Costa county league composed of the towns of Richmond, Antioch, Pittsburg, Concord, Crockett, Benicia, Brown and Danville will take place at Antioch next Sunday. Jack Sores at the present time is temporary president and R. V. Davis of Davis is temporary secretary. The league has decided to play independent ball unless some good proposition comes in.

THE PROBLEM IS SOLVED.

The universal of California need experience no further trouble in finding a place to launch their shells. Most anywhere in the south end of the county will do right now.

The Federals are the guys who put the stove in stove-league.

The nearer George Stearns comes to this region, the more fearful some of our players become—fearful that they won't recognize him.

The press agent for the Originals is asleep. He informed us that there was a match scheduled for next Sunday with the Yankees, but neglected to state that the "boys were practicing hard," and that the "State this was at stake."

Each negligence is surprising.

England wants to match Johnson and Langford for \$20,000, probably so that Bombardeo Wells can meet the winner.

Two blacks with but a single thought, Two hearts that beat for man.

There is only one consoling reflection in the prospect of a Sam Langford-Jack Johnson duel. No "white hope" will be involved.

Now it transpires that Tommy Burns reached himself to meet Battling Brandt in revenge for a terrible insult, proving that the press agent is already at work.

HOW DID KIDDLING GUESS? "East is east and west is west, And never the twain shall meet, And so does Willie Ritchie, too."

No Philadelphia-baiter has yet come forward to buy Tom Joe Rivers and Ad Wolcast will meet in the ring at Milwaukee tonight. Two years ago the announcement might have been worth a seven column line, but now the column poles feed upon the moral, proving that he who goes and then comes back, Will read his name when news is slack.

Stanford might just as well say: "We refuse to meet Howard Drew." Drew being a large part of the U. & C. since the first of the year.

That Kid Williams is sufficiently impressed with the cleverness of Eddie Egan is evident from the fact that he has been caught by the kid.

It is a pity that the U. & C. may refuse to meet Howard Drew, Drew being a large part of the U. & C. since the first of the year.

WOLTERS, A YANKEE star, who was reported to have been sold to Indianapolis, is now said to have been turned over to the Los Angeles club by Frank Chance. This follows the rumor in the Angels' camp that Wolters is a director of the club, and that he managed when Dillon retired in 1910. Wolters batted .255 last year, but had not fully recovered from the effects of a broken ankle. He is now in San Jose and is said to want to remain in California, which is his home. His addition to the Angels would strengthen that club immensely.

The Eddie Miller-Tony Freitas bout promises to be a hurricane affair. None of the bantams have been able to defeat Miller in the last year and they have all had a crack at him. After Eddie had waded through the home product they started importing them for him, but fellow citizens and outsiders looked alike to Eddie and he has a spotless record. This Freitas boy is a dangerous man for any of them to tackle. He is about as safe as a buzz saw and few of them are willing to play a return engagement with the little red from Massachusetts. They made Sylvester a 3 to 1 favorite over Tony a couple of weeks ago and we all remember the jacking Freitas had in the Ohio. The jacking was an absolutely thorough that ten hours after the contest Sylvester was on the rattler speeding home to Cleveland, Ohio.

Tommy McFarland will be given another chance to comeback. They have selected Joe Getz to oppose Cleveland's lightweight and Getz is extremely liable to prove the undoing of Mr. Thomas. This Getz person has a nice eastern record and he is not set up for any lightweight in the business. George Mason will not appear at tonight's show, but he is a good starter at Jack Lane's four-round exhibition two weeks from tonight and also at the Wheelmen's show, February 10. They are all dodging this Mason boy. The rest of the card should provide some good sport, and with Jim Griffin third man in the ring in the main event and Frank Schuler acting in the preliminaries, the fans should be well pleased.

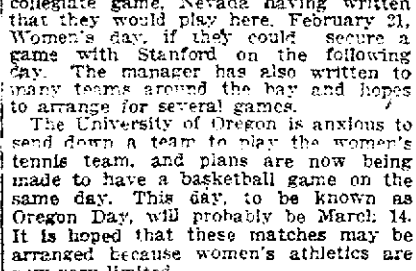

Grover Hayes has accepted terms from the Wheelmen club and will box Joe Azevedo ten rounds here on the evening of February 10. Hayes wired last night that he was ready to start for this coast to be on the job in a few days. The eastern lightweight thinks very little of Joe's ability as a fighter and wire said that he would take the match simply as a stepping stone to a better bout in California. They think a lot of Grover, but even he should give Sacramento Joe a hard battle.

Maybe Frankie Burns knows what is best for himself, but to the uninitiated it is a real mystery, suggesting match with a husky sparring partner is not the right medicine seven days before a contest. Burns and Frankie Edwards went through all the motions of a real fight at the Y. M. C. A. club yesterday afternoon and they meant everything that was sent over during three rounds. Both were bleeding at the finish and neither was in a pleasant frame of mind. Burns clinched the match with Gilbey last night by knocking him out in the fourth round at 5 o'clock on the day of the contest.

BASKETBALL GIRLS IN PRACTICE

UNIVERSITY OF CALIFORNIA, Jan. 23.—The basketball girls began practice yesterday afternoon and will be held on Hearst hall courts every day at 4 o'clock. This semester there will be at least one intercollegiate game. The manager has also written to many teams around the bay and hopes to arrange for several games.

The University of Oregon is anxious to send down a team to play the women's tennis team, and plans are now being made to have a basketball game on the same day. The date is to be known as Oregon Day, will probably be March 14. It is hoped that these matches may be arranged because women's athletics are now very limited.

The season's most pleasing and popular model.

BAD COLD? YOUR HEAD STUFFED?

"Pape's Cold Compound" Gives Quick Relief: Contains No Quinine.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly stops the discharge of mucus from the head, relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't starve yourself! Quit blowing and sniffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitutes.

BELIEVES WEATHER CAN BE CONTROLLED

LONDON, Jan. 22.—Sir Oliver Lodge, the distinguished physicist and principal of Birmingham University, in an address before the Institute of Electrical Engineers last night, suggested the possibility of obtaining some measure of control over the weather. "If clearing weather," he said, "were due to electricity, it might be imagined that man could acquire some control over the electrification of the atmosphere. If it were desired to produce rain, why not send up a kite to reach the cloud?"

BANKERS ARE HEARD.

KANSAS CITY, Jan. 22.—David F. Houston, secretary of agriculture, and William G. McAdoo, secretary of the treasury, the committee for the organization of the new federal reserve bank system, began a hearing here today. Bankers from Nebraska, Oklahoma, Kansas and Missouri were present. The hearing will end tonight.

THE ONLY WAY

To really cure nervous dyspepsia is by taking Ewald's Gas Tablets, which is the only remedy made especially for nervous dyspepsia. Try them and you will be surprised how quickly gas, bloating and nervousness with all their bad effects upon your health, will disappear. All druggists sell the genuine in yellow boxes or for sale, or mailed directly upon receipt of price by J. Baumann Co., 326 Sutter St., San Francisco.

for a clear complexion

Pimples and blackheads disappear, unsightly complexion becomes clear, and skin is healthy and beautiful by the regular use of Resinol Soap and an occasional application of Resinol Ointment. These soothing, healing preparations do their work gently, quickly and at little cost, when even the most sensitive skin is treated.

"Beauty treatment" fails. All druggists sell Resinol Soap and Ointment. For trial offer, send 10¢ to Dept. 24, Resinol, Baltimore, Md.

OAKLAND'S BOYS AND GIRLS

Young Dancers Recital Planned

ELAINE HILLS.

Juvenile performers will take part in an entertainment to be given tomorrow afternoon in Drake hall, where many talented youngsters will exhibit their best. Several hundred invitations have been issued for the affair. The program will consist of fancy dances and a number of vaudeville acts. Among the children who will contribute to the performances are the following: Alice Garcia, Mabel Chappell, Carroll Green, Edwin Swartz, Dorothy Frazier, Elaine Hills, Pearl Evers, Esther and Helen Goodman, Ethel Osborne, Augusta Semblar, Marie and Rosebud Loeb, Marjorie Reynolds, Agnes Johnson, Gertrude Wheeler, Edna Elson, Leslie and Evelyn Hamilton, Jessie McPherson, Alice Reola, Gladys Weisenmiller, Emma Deide, Hazel Mueller, Dorothy Prather, Minnie Macfarlane, Margaret McMon, Marie Hanlon, Celeste Sinclair, Marjorie Wilson, Berdina Rutter, Tiny Fuch, Genevieve Hoffman, Anna Barten, Edna Howard, Joe Keesham, Y. V. Birch, Elmer Eades, Elmer Greenwood, Danina Pendergast, Dorothy Johnson, Theresa Russell, Lucile Klippert, Violet Sinclair, Helen Brause, Mabel Chappell and Alice Garcia and Lillian Hunt.

BAND INSTRUMENTS FOR SCHOOLS ARE COMING

Before the lapse of another month a large consignment of instruments for bands will be received by the Oakland Board of education. The various schools of this city have placed requisitions for the instruments as many new bands will be formed in the grammar schools this term. Music will be among the leading school branches to be taught in the schools of this city this semester. Much enthusiasm and interest has been shown in the organization of the boys' bands. There are about a dozen school bands in Alameda county, but the number in this city will be increased as soon as the instruments are installed.

MAKES COMPLAINT ABOUT REFRIGERATOR CAR SERVICE

CHICAGO, Jan. 22.—Charles that the United Fruit Company is being favored with superior refrigerator car service while the Atlantic Fruit Distributors get cars that are old and in bad condition, offer little protection to fruit, were made at the interstate commerce commission hearing on the relations of the railroads with the private car lines.

George Charters, vice-president of the Atlantic Distributors company, said the cars in such condition that in the winter they suffered heavy losses from frozen fruit. Mark D. Adamson, manager of the company, said the cars were "racked or loose in every part."

For Frost Bites and Chapped Skin. For frost bitten ears, fingers and toes, chapped hands and lips, chilblains, cold, sore, red and rough skin, there is nothing so equal Bucklen's Arnica Salve.

BOY RANGERS TO LEARN SIGNALS

Will Use Code on Trips Over the Hills in Summer Outing.

To learn the "Army and Navy" flag signaling code is the ambition of the members of the boy rangers' club of this city. It is expected that the boys will use the signal on their hiking expeditions to the mountains and hills in summer months. Several "trips" out into the country were enjoyed by the boys recently. They said that they had discovered many new trails on their way. The club is planning to make a trip over the hills and that their trip was an education in pathfinding. The club is planning to make a trip over the hills and that their trip was an education in pathfinding. LECTURES ON THOUGHT.

That thought is a mighty, but neglected force was the idea presented last night at Starr King hall by L. W. Rogers of New York, who was speaking on "Thought and Fate," and declared that the public knew as little today of the possibility of electric force when Franklin began his experiments. Thought and desire, he held, were the source of fate, and the acts of one's life were but the working out of his inner conditions. The man who committed an impulsive crime, he asserted, was one who had so long thought of and desired to carry out his idea of revenge that when he was confronted by the opportunity to commit the crime he had secretly imagined himself as doing as he was hurried into the final act by the accumulated thoughtforce he had generated.

Rheumatic Blood—THE Story That Millions Tell—The Way to Prompt Recovery

There is a host of pills, powders, tablets and what-not for rheumatism, but they all lack the first essential to being a natural medicine. To begin with, rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative antiodote. Nature, the pains may be eased with narcotics or the acids may be neutralized for the time being. But such methods merely temporize and do not even lead to a cure. There is a standard rheumatism remedy, and is sold in all drug stores under the name of S. S. S. Attempts are often made to sell some thing claimed to be "just as good." Insist positively that you will have nothing but S. S. S. It contains only purely vegetable elements and is absolutely free of mercury, iodine or potash or arsenic. The recoveries of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is as well ordered as the most acceptable, most palatable, and most readily digested food. Do not fail to get a bottle of S. S. S. to-day. You will be astonished at the results. If your rheumatism is of such a nature that you would like to consult a specialist, write to the medical department, The Swift Specific Co., 307 Swift Bldg., Atlanta, Ga.

SUICIDE VICTIM PROVES FORMER DENVER MAN

SAN FRANCISCO, Jan. 22.—Melville O. Stratton, up to two years ago the proprietor of Denver's most fashionable tailoring establishment, committed suicide yesterday in his apartments at Hotel Placerville, 121 Post street, by taking an overdose of potassium. The body was found by Mrs. E. Newton, proprietor of the hotel.

late yesterday afternoon, fully clothed and lying across the bed.

On a table near by was found a note requesting that his wife in Denver, C. E. Stratton, general manager of the Tri-State Railroad at El Paso, and several friends be notified. Stratton came to San Francisco about five months ago on a promotion scheme, and it is supposed that financial reverses caused him to take his life. He is survived by a widow, son and two daughters, living at 227 Twelfth street, Denver, and

two sons attending college in the East.

His son in Denver said last night there had been no domestic trouble.

STANFORD CHAPLAIN.

On Sunday evening at 8 o'clock there will be a meeting for men at St. Peter's Episcopal church, Shafter and College avenue, under the auspices of the Brotherhood of St. Andrew. The principal speaker will be Rev. D. C. Gardner, chaplain of Stanford University. The

general subject will be "Religion and the Man—Present Day Christianity."

Sunday is the Feast of the Conversion of St. Paul, the great missionary to the Gentile world, and therefore suggests the missionary work for today. All men are cordially invited to this meeting.
